Term 3, Week 10

Tuesday, 24th September, 2019

Dear Parents,

## NAPLAN

NAPLAN student reports were sent home last week for students in Years 3 and 5. If you have any questions about your child's results, please contact the office to make a time to speak with Mrs McCammond, Miss Presot or myself.

There will be a Parent Meeting early next term to share the school's overall results.

## Year 6 Camp

Students in Year 6 left for their camp to Bathurst this morning. Hopefully the weather will be fine for them and they have a great time.

## Tell Them From Me Survey

Our school is participating in the Tell Them From Me suite of surveys (student, teacher and parent surveys). The survey asks parents and carers questions about different factors that are known to impact on student wellbeing and engagement.

Running this survey will help our school understand parents' and carers' perspectives on their child's experience at school. These include: communication between parents/carers and staff, activities and practices at home and parent/carer views on the school's support of learning and behaviour. This valuable feedback will help our school make practical improvements.

The survey is conducted entirely online on smartphones, iPads, tablets, laptops or computers. The survey will typically take 15 minutes or less to complete and is completely confidential. The parent survey will be conducted between 9 September and 25 October. Although participating in the survey is entirely voluntary, your responses are very much appreciated.

# Preschool News...

## What has been happening in Preschool?

The children have been exploring with hospital play in our dramatic play area. The children were involved in setting up the area by brainstorming the things we would need or see in a hospital. Using the children's ideas, the area was set up. The children have made connections to the hospital play by drawing pictures relating to a hospital. We were very fortunate to have a parent in our preschool who is a nurse. This parent has kindly donated hospital tools and equipment for the children to explore and engage with in their play. We looked at each item in group time and discussed their use for helping doctors and patients.

**Outcome 4: Children are confident and involved learners.**

4.4 Children explore the purpose and function of a range of tools, media, sounds and graphics.

<b>QA6</b>	<b>Collaborative partnerships with families and communities</b>
6.2.3 Community Engagement	The service builds relationships and engages with its community.
